The Commerce Commission (“Commission”) gives notice that it has amended the input methodologies (IMs) applicable to electricity lines services, gas pipeline services, and specified airport services, under Part 4 of the Commerce Act 1986 (“Act”).

- *Gas Distribution Services Input Methodologies Determination 2012* [2012] NZCC 27
- *Gas Transmission Services Input Methodologies Determination 2012* [2012] NZCC 28
- *Commerce Act (Specified Airport Services Input Methodologies) Determination 2010* (Decision 709, 22 December 2010).

The amendments are set out in:

- *Airport Services Input Methodologies Amendments Determination 2016* [2016] NZCC 28.

The amendments have been made under section 52Y of the Act as a result of the review of IMs that commenced on 10 June 2015. The amendments improve the existing methodologies for:

- cost of capital;
- valuation of assets;
- allocation of common costs;
- treatment of taxation;
- regulatory processes and rules; and
- matters relating to proposals by a regulated supplier for a customised price-quality path.

The reasons for the amendments are to:

Notification of Amendment to the Information Disclosure Determination for Specified Airport Services

The Commerce Commission ("Commission") gives notice that it has amended the information disclosure determination applicable to specified airport services under Part 4 of the Commerce Act 1986 ("Act").

The amendment, made under section 52Q of the Act, is set out in the *Airport Services Information Disclosure Amendments Determination 2016* [2016] NZCC 29.

The amendment:

- requires that airports explain why their target return differs from their cost of capital estimate, and that airports explain and evidence why their cost of capital estimate should differ from the Commission's cost of capital estimate to the extent it does; and

Electricity Industry (Exemption No. 239 (Electrica Limited)) Exemption Amendment Notice 2016

In accordance with section 11(3) of the Electricity Industry Act 2010 (“Act”), the Electricity Authority (“Authority”) gives the following notice.

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 239 (Electrica Limited)) Exemption Amendment Notice 2016.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Amendment to principal exemption—Replace clause 3a of the Electricity Industry (Exemption No. 239 (Electrica Limited)) Exemption Notice 2016, published in the [New Zealand Gazette, 16 June 2016, Issue No. 54, Notice No. 2016-au3311](#) (“principal exemption”), with:

“a. the close of **31 August 2017**.”

3. Reasons for this amendment—The reasons for amending the principal exemption are:

- a. the Authority granted the principal exemption to Electrica Limited (“Electrica”) for the following reasons:
 - i. granting the exemption will assist a small new entrant trader to enter the market, which could lead to increased competition for the long-term benefit of consumers;
 - ii. granting the exemption will enable a conclusive audit outcome for Electrica;
 - iii. the proposed exemption will have little or no impact on other participants or service providers, and will not affect any other Code provisions;
 - iv. several other new entrant traders have been granted exemptions from clause 15.38 with similar criteria;
 - v. there is a Code amendment in progress to allow reconciliation participants, like Electrica, who meet certain criteria additional time to have an audit for certification; and
 - vi. granting the requested exemption meets the requirements in section 11(2) of the Act;
- b. granting the exemption removes an inefficient barrier for a small new entrant trader to enter the market, which could lead to increased competition for the long-term benefit of consumers;
- c. a new auditing regime, which comes into force on 1 June 2017, removes the requirement to obtain ISO quality certification as part of certification as a reconciliation participant;
- d. Electrica will satisfy the criteria under the new audit regime to have 12 months to obtain certification;
- e. the amendment allows Electrica to obtain certification as a reconciliation participant under the new auditing regime, reducing its costs to enter the market; and
- f. accordingly the Authority is satisfied that for the reasons set out in the principal exemption, the amendment is necessary or desirable for the purpose of achieving the Authority’s objective under section 15.

“a. the close of **31 August 2017**; and

b. NextGen being responsible for more than 20 non half-hour (NHH) installation control points (ICPs); and

c. NextGen being responsible for an ICP with a metering installation category of 3, 4, or 5.”

3. Reasons for this amendment—The reasons for amending the principal exemption are:

- a. the Authority granted the principal exemption to NextGen Energy Limited (“NextGen”) for the following reasons:
 - i. granting the exemption will assist a small new entrant trader to enter the market, which could lead to increased competition for the long-term benefit of consumers;
 - ii. granting the exemption will enable a conclusive audit outcome for NextGen;
 - iii. the proposed exemption will have little or no impact on other participants or service providers, and will not affect any other Code provisions;

Notice

1. Title and commencement—(1) This notice is the Electricity Industry (Exemption No. 245 (Meridian Energy

Limited)) Exemption Notice 2016.

(2) This notice comes into force on the day after the date it is notified in the *New Zealand Gazette*.

2. Exemption—(1) Meridian Energy Limited (“Meridian”) is exempted from complying with the obligation in clause 10.24(c) of the Electricity Industry Participation Code 2010 (“Code”) not to use subtraction to determine submission information.

(2) This exemption applies only to installation control point (“ICP”) 0009805800AL991.

3. Term—This exemption expires at the earlier of:

- a. the close of **30 June 2025**;
- b. the date on which Meridian Energy Limited is no longer recorded in the registry as being the trader for ICP 0009805800AL991;
- c. the date on which AccuCal Limited is no longer recorded in the registry as being the metering equipment provider for ICP 0009805800AL991; and
- d. when embedded generation is injected through any one of the four meters currently used in the calculation of submission information by subtraction.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- a. Meridian will otherwise incur significantly higher metering lease fees and data collection fees that deliver no benefit to consumers;
- b. the exemption will allow Meridian to continue to use subtraction to determine submission information, even though this ICP is not also a network supply point;
- c. deriving the submission information from the metering installations by subtraction is as accurate as it would be if it was derived using directly metered data;
- d. the exemption will have no impact on any other participant or service provider, and will not affect any other Code provision; and
- e. granting the requested exemption meets the requirements in section 11(2) of the Act.

2. Exemption—(1) AccuCal Limited (“AccuCal”) is exempted from complying with the obligation in clause 4(2)(a) of Schedule 10.7 of the Electricity Industry Participation Code 2010 (“Code”) to ensure that its metering installation configuration does not use subtraction to determine submission information.

3. Term—This exemption expires at the earlier of:

- a. the close of **30 June 2025**;

- c. the date on which AccuCal is no longer recorded in the registry as being the metering equipment provider

for ICP 0009805800AL991; and

- d. when embedded generation is injected through any one of the four meters currently used in the calculation of submission information by subtraction.

4. Reasons for granting the exemption—The reasons for granting this exemption are:

- a. AccuCal will otherwise incur significant metering installation expenditure that would outweigh any benefit resulting from compliance;
- b. AccuCal cannot comply with the obligation in clause 4(2)(a) of Schedule 10.7 of the Code until Meridian authorises AccuCal to install new metering installations at the Clandeboye dairy factory;
- c. deriving the submission information from the metering installations by subtraction is as accurate as it would be if it was derived using directly metered data;
- d. the exemption will have no impact on any other participant or service provider, and will not affect any other Code provision; and
- e. granting the requested exemption meets the requirements in section 11(2) of the Act.

HON PAUL GOLDSMITH, Minister of Commerce and Consumer Affairs.

Explanatory note

This note is not part of the notice but is for explanatory purposes only.

This notice revokes the Unsafe Goods (Hot Water Bottles) Notice 2015 and replaces it with a permanent prohibition of rubber and PVC hot water bottles, for supply in trade, that do not comply with clause 4. This permanent unsafe goods notice is issued under section 31 of the Fair Trading Act 1986 (“Act”). It is an offence under the Act to supply, or offer to supply, or advertise to supply, goods which are declared to be unsafe goods.

Under the Act, a supplier includes an importer.

New Zealand Customs Service requirements

Section 33 of the Act prohibits the importation of goods into New Zealand that have been declared unsafe under Part 3. This section also deems unsafe goods to be prohibited from import under section 54 of the Customs and Excise Act 1996.

All persons importing hot water bottles for supply in trade after the date of this notice may need to provide the New Zealand Customs Service with acceptable documentation demonstrating that the import of those hot water bottles is not prohibited by this notice.

Commerce Commission requirements

Section 31(5) of the Act prohibits the supply, or offer to supply, or advertisement to supply goods in respect of which there is in force an unsafe goods notice. All persons supplying, or offering to supply, or advertising to supply hot water bottles to which this notice applies must comply with the requirements of the Commerce Commission.
